Information letter
IV All-Russian research and practical conference
«Environmentally safe North – clean Arctic»

Dear colleagues!

Let us invite you to participate in the IV All-Russian research and practical conference «Environmentally safe North – clean Arctic» November 11-12, 2021. The events will take place at Surgut State University, 1 Lenin Avenue, Surgut, Khanty-Mansi Autonomous Okrug – Yugra, Russian Federation.

The conference will be held in a mixed format.

Conference Objectives:

- ecology and safety of the Northern Territories;
- the impact of the industrialization of the North on the unique ecosystem of the Arctic;
- sustainable use of natural resources and conservation of ecosystems of the North and the Arctic;
- environmental requirements for conducting economic work in the Russian Arctic;
- strengthening of the system of specially protected natural territories;
- disposal of solid municipal waste and liquidation of objects of accumulated environmental damage that pose the greatest environmental risks;
- safe technologies for the extraction and processing of mineral resources of the Russian North and the Arctic;
- preservation of traditional activities and territories of traditional nature use;
- environmental technologies;
- additive technologies and new materials;
- urbanism of the northern and Arctic regions;
- development of renewable energy and autonomous energy sources.

The scientific program consists of plenary and sectional reports.

Sections of the Conference:

1. Biota and its components of the Russian North.
2. Technologies of an autonomous house.
3. Russia in the Arctic Dialogue.

Round tables will be held within the framework of the conference:

1. Human settlement and adaptation in the North and the Arctic.
2. Traditional economic activity of indigenous small-numbered peoples of the Russian Federation in the conditions of environmental risks.
3. Regional regulation of natural substances in the waters and bottom sediments of surface water bodies of fisheries significance in accordance with the requirements of modern environmental legislation.

The length of the report at the plenary session should not exceed 30 minutes, at the section - 10 minutes. Each participant of the conference can present no more than one report (including ones in co-authorship). The participants of the conference who have presented the report will be given the Certificates of participation.

The conference provides for the work of the student session " UN Meeting. Ecology". Participation in the conference is free of charge. Travel expenses are paid by the sending party. The publication of articles in the collection based on the results of the conference is provided for participants who make a report.

The publication of an article in the collection based on the results of the conference is free for all categories of authors, no fee is paid. The texts of the conference materials are posted on the SurSU website <http://www.surgu.ru> and in the database of the scientific electronic library eLIBRARY.RU. Information about the published materials is included in the RSCI.

To publish articles in the collection of papers, it is necessary to attach the article file, a screenshot of the author's originality check of the article (run it on one of the plagiarism search engines.) and an expert control act to the registration form. Articles with at least 75% of the author's originality are accepted for publication. The rules for the creation of articles are presented in the appendix 1.

The Organizing Committee of the conference reserves the right to reject materials that do not meet the requirements.

To participate in the conference, you must fill out an electronic application at the link: <https://clck.ru/VWLB4> **until October the 30th, 2021.**

Contact persons:

Kuznetsova Yulia Vadimovna, tel.: (3462)76-30-78, ext. 2517, e-mail: kuznecova_yv@surgu.ru.

Requirements for the creation of articles

The articles submitted for publication are to be mandatory reviewed and checked for plagiarism. All articles should be provided with an expert assessment on the possibility of open publication (for external authors, expert assessment is given by the organization at the place of work). The assessment form should contain the phrase: "open access is permitted" (<http://www.surgu.ru/sotrudniku/dokumenty-sistemy-menedzhmenta-kachestva> (DP-4.5-15 "Export Control").

The articles published earlier or sent to other journals are inadmissible. Articles that do not meet the requirements are not reviewed or returned.

The authors are responsible for the originality, objectivity and validity of the published materials.

The length of the article is up to 10,000 printed characters, including abstract, key words, references and illustrations.

The text of the article is typed in the Word text editor, A4 format, TimesNewRoman font, size 12 for the text and 11 for figures and tables and their names, interval 1, paragraph indentation 1.25 cm, all fields 2 cm, text alignment to the page width. Automatic hyphenation and paragraph spaces are prohibited. The pages are not numbered. All abbreviations must be deciphered.

The use of figures, diagrams, schemes, etc. must be justified, they must be clear, and they should not flow around the text. The names and numbers are placed under them in one space. Drawings and diagrams made in Word should be grouped within a single object; otherwise the elements can be shifted when the page margins are changed.

Tables are preferable to be presented without filling. There should not be tables in the form of a picture. The numbers and names of the tables are placed above them.

All tables, diagrams and illustrations should be referenced in the text with their number.

The structure of the article

1. UDC identifier (on the left edge) (normal font)
2. The author's surname (in full), first name, patronymic (initials) in Russian separated by a space (in bold italics, centered).
3. The title of the article in Russian (in capital letters, in bold, in the center).
4. The author's place of work and the city in Russian, email (in italics, font size 11, alignment center).
5. Abstract of the article in Russian (up to 5 lines) (regular font).
6. Keywords (2-6 words) in Russian (italics)
7. The text of the article.
8. References.

9. Surname, name (initials) of the author in English, separated by a space (in bold, in italics, alignment center).
10. The title of the article in English (in capital letters, in bold, in the center).
11. The author's place of work and the city in English, email (in italics, font size 11, alignment center).
12. Abstract in English (up to 5 lines).
13. Keywords (2-6 words) in English (in italics).
